You will find work in many mediums: Painting ( Acrylic, Oil and mixed media ) photography, jewelry, ceramic/glass and fiber art is also featured. Many collectors snap up most of the work long before the show ends. Artist demonstrations, live musical performances, children's events, culinary evenings and wine tasting are all part of the lively and entertaining schedule.

Vancouver Island Style has chosen to profile and review a few feature Artists from the Sooke Fine Arts show, the first being **Bonnie Helm-Northover**.

The show had a huge turnout, as always and we loved the variety of pieces and mediums. The show has just ended but it will be in Sooke, every summer. We chose to quickly review the show and feature some of our [favorite Artists](#), in case you missed it. There is a Sooke Fine Art Show every year in the summer and its well worth seeing.
